Sentence May Be Delayed by
Motions and Arguments
Until Tuesday.

(BY A. P. NIGHT WIRE TO THE TIMES.)
INDIANAPOLIS, Dec. 29.—The thirty-eight union officials convicted of conspiracy and of promoting the McNamara dynamite plot throughout the country will face tomorrow the prospect of serving prison terms ranging from any minimum to possible maximum of thirty-nine and half years.

From their temporary cells in the County Jail, the prisoners, handcuffed between deputy marshals, will be taken before Federal Judge Albert C. Anderson at 10 a.m.

Meantime, United States Marshal Edward Schmidt has arranged for a special train to leave by a secret route for the Federal prison at Leavenworth, Kan. To prevent possible demonstrations on the way to Leavenworth, no details as to the time of departure are to be announced, but it is known the train is to be ready to start as soon as possible after the court pronounces judgment upon the thirty-eight men, whose some prisoners are allowed bail liberty on bonds pending appeal.

Motions for setting aside the verdicts and arguments may delay the opening of sentences until Tuesday.

HERODOTUS, MUCKRAKER.

Greek Historian Declared to
Be Father of Entire
Breed.

(By Wireless Line to The Times.)
WASHINGTON BUREAU OF THE TIMES, Dec. 29.—[Special Dispatch.] Herodotus has been firmly established here as the father of all "Muckrakers." When he jabbed out savory bits of scandal for the ancient Greeks to chortle over he founded the art of sensational journalism, according to Prof. Maurice Hutton of the University College of Toronto, in an address before the Archaeological Institute of America in session here.

"Herodotus was to the olden days what the sensational reporter is today," he said, and added that Herodotus even in his day made the possession of tainted wealth and character shiver with his thrusters. However, Herodotus did lots of good, the professor admitted. He gave future generations an insight into the Greek and Egyptian natures they could never have gotten any other way.

Dist. Atty. Charles Miller first will ask for judgment on the verdicts and the motions for setting them aside may require a full day's session.

UP TO THE JUDGE.
The entire responsibility for fixing the amount of the punishment rests with the court. As each of the men was adjudged guilty on all the offenses charged, there being one offense carrying a maximum imprisonment of two years, and twenty-five offenses each carrying a maximum punishment of eighteen months, the court may in its discretion impose any penalty up to thirty-nine and a half years imprisonment. "Any minimum" also leaves the court the right to give liberty to any prisoner by suspending sentence, or by a fine. Prisoners who receive less than one year terms are confined in County Jail, but those

PARIS, Dec. 29.—[Exclusive Dispatch.] The Turkish counter-peace proposals submitted to the London conference yesterday and which read:

"Second—Macedonia to be converted into a principality with Salonika as its capital. The principality to be under the suzerainty of the Sultan of Turkey but governed by a prince chosen by the Balkan allies and nominated by the Sultan of Turkey. This prince to be a Protestant and from a neutral state."

This means nothing less than that the German Emperor is dictating the Turkish peace proposals, for the only Protestant prince available for the Albanian throne are of the house of Hohenzollern, and it appears certain that the Emperor's ambition for his son, Prince Eitel Friedrich, is responsible for the clause that is so objectionable to the Balkan allies as well as to the great powers, especially Italy and France.

TVEITMOE, A CRIMINAL, IN A CLASS BY HIMSELF.

(BY A. P. NIGHT WIRE TO THE TIMES.)

ST. LOUIS, Dec. 29.—William J. Burns, the detective, who was responsible for the arrest of many of the defendants in the "dynamite conspiracy" case, who were found guilty yesterday in Indianapolis, arrived here last night. In an interview he said the verdict would have a "splendid effect as demonstrating that no man can be above the law."

"More important than all the other convictions is that of Olaf Tveitmoe," said Burns. "I have reason to believe that it was Tveitmoe who suggested blowing up the Los Angeles Times building, that it was he who had explosives taken west and that it was he who induced John J. McNamara to send his brother west to do the job."

"Tveitmoe is in a class by himself. He does not represent organized labor, but his own peculiar ideas and fanaticism. It would be an insult to organized labor to speak of him as one of its representatives."

Revenue Cutter Seminole Brings in
Crew and May Destroy Vessel to
Prevent Its Becoming a Derelict.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WILMINGTON (N. C.), Dec. 29.—Carrying the rescued crew of the American four-masted schooner Savannah, hard and fast on Frying Pan Shoal, the United States revenue cutter Seminole reached port last night. To prevent the Savannah from being a floating derelict and a menace to commerce the stranded vessel may have to be destroyed with gunpowder. The Seminole will put back to the Savannah's aid upon being recalled and an effort will be made to haul the schooner into deeper water. If the ship's back is broken, as is feared, and she cannot be saved, Capt. Gardner of the Seminole will recommend that the boat be destroyed.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Dec. 29.—Reports to the State Department indicate today that Mexican rebel activities, lately confined to states along the American border, have been started afresh in the south. Bands of marauders are committing depredations in the State of Vera Cruz and have robbed several ranches near Vera Cruz city.

Hard fighting has occurred in Juchitepec.

MEXICO CITY, Dec. 29.—Minister of Finance Ernesto Madero said last night in the Chamber of Deputies said last night: "I expect in two or three days to be able to give you good news from London. It was understood he referred to the floating in London of the 40,000,000-pound bond issue for the authorization of which Congress recently passed a bill."

The railway strike situation is unchanged, the management of the Mexican Railway maintaining its attitude of non-compliance with the demands of the striking mechanics.

The rebels are gaining headway in the State of Durango. Yesterday they burned the railroad station at Torreon, between Torreon and Durango, and also destroyed some bridges on the same line.

WASHINGTON BUREAU OF THE TIMES, Dec. 29.—[Special Dispatch.] That President-elect Wilson will not disturb the administration of the insular possessions of the United States until he has studied their needs after assuming office in March next is the impression of Democrats in Washington closest to Wilson's confidence. He has received a great mass of suggestions and applications for preferment from Democrats in the insular civil service and others who expect to land the principal places.

PORTLAND (Or.), Dec. 29.—[Exclusive Dispatch.] Heavy rains and gales have swept the Northwest during three days' past, and heavy damage by slides and washouts has resulted. Further damage to coast shipping is feared, but telegraph and telephone lines to every northwest coast town south of Puget Sound are down, and reports of actual conditions as to shipping cannot be obtained. Astoria, Gray's Harbor, Tillamook and Yaquina and Coos Bay points are all cut off. Heavy loss of life is feared.

The Northern Pacific is the heaviest sufferer among the railroads thus far. With one slide six miles below Portland, a washout near Scappoose, twenty miles out, and another one near Castle Rock, Wash., all trains were held. The Shasta Limited, due here today from Seattle, en route to California, is held out, as is also the northbound Shasta which arrived here today from Seattle and is en route to California.

Gangs are working on the lines, and it is hoped to have them reopened late tonight. Other railroad lines in the Northwest have suffered.

SACRAMENTO (Cal.), Dec. 29.—Much of the work of the fortieth regular session of the California Legislature, which convenes a week from tomorrow, has been carefully planned in advance. The Democrats members-elect held a caucus recently to frame a platform for the minority. The Progressive majority, while omitting the pre-campaign caucus projected at the State convention, have also been engaged in the preparation of bills.

The session will be dominated by the Progressive party, under the leadership of the Johnson State administration. In the Senate there will be twenty-seven Progressives (elected as Republicans) in the House, thirty-two Progressives (elected as Democrats) and three elected as regular Republicans. Already Progressive Senators have indicated their purpose to invite the affiliation of all members elected under the Republican name. Similar action may be taken in the Assembly, consisting of forty-five Progressives, elected as Democrats, twenty-five Democrats and one Socialist. But determined efforts are being made to organize the Assembly on a non-partisan basis.

CLOAK MAKERS STRIKE TODAY.

Union Expects to Tie Up New York Shops.

City Will Be Picketed to Keep Workers Away.

Employers Say They Will Fill All Places.

BY A. P. NIGHT WIRE TO THE TIMES.

NEW YORK, Dec. 29.—One hundred and fifty thousand men, women and children employed in the men's clothing industry in this city were ordered on strike tomorrow by the local executive committee of the United Male Garment Workers of America today. Four thousand shops are expected to be affected if the order is obeyed.

Crowds of workers thronged the streets and cheered when the latter decision was read to them. Hundreds of persons were prevented by the police from parading through the East side to show their approval of the order.

The National Executive Committee later gave its endorsement to the strike and voted to place T. A. Rickert of Chicago, chairman, at its head. No announcement was made whether the presence of practically all of the national committee was an indication that the strike would be extended to other cities.

CITY IS PICKETED.
One thousand pickets will be stationed about the city tomorrow morning to intercept workers not obeying the strike order.

The demands of the workers have not been formally presented to employers, representatives of the latter said. Henry Waxman, treasurer of the national committee, expressed himself today as follows:

"The manufacturers give no notice in advance when they are going to cut wages, and we are following the same tactic."

THE DEMANDS.
The subcontract system which is declared to have led to labor in dark tenements and also child labor, figures in the demands. The abolition of both is a schedule. Other demands are a 25-per cent wage increase, with a minimum wage scale of \$15 a week for women and \$16 for men; overtime work to be paid for at "time and a half rate," and a holiday overtime at double rate, and clean and sanitary workshops.

Strike leaders, discussing the demand for better wages, said that men have been receiving as low as \$12 a week, and women less.

Manufacturers declare their readiness to meet the emergency. They said today they would have new employees on hand tomorrow to take the places of the strikers.

MAY GO STILL HIGHER UP.
Attorney-General on His Return Will Pass on Question of Initiating Additional Dynamite Prosecutions.

WASHINGTON BUREAU OF THE TIMES, Dec. 29.—(Special Dispatch.) With the return of Atty.-Gen. Wickham to Washington tomorrow the question of the prosecution of the other men thought to be responsible for the dynamite throughout the country will be given consideration.

Atty.-Gen. William Herr, who assisted in conducting the government's side in the dynamite cases at Indianapolis, said this evening that the course of the government relative to further prosecutions of those supposed to be involved in the dynamite conspiracy had not been determined and he could not tell just what would be made of the mass of evidence collected. No further action would be taken until the question had been submitted to the Attorney-General.

It is generally understood that the government has not finished its investigation and additional evidence will be secured which it is believed will involve others in the conspiracy.

DYNAMITERS NOT LIKELY TO BE ABLE TO GIVE BAIL.

[BY WIRELESS LINE TO THE TIMES.]

INDIANAPOLIS (Ind.) Dec. 29.—(Special Dispatch.) The thirty-eight labor leaders found guilty of complicity in the McNamara dynamite conspiracy spent a restless day in jail. The corridor which their cells surround was barely sufficient for standing room, so that physical exercise was out of the question. The voices of the jokers were stifled. There was no attempt at merrymaking to lift the gloom that has set over the prisoners. Wives and children who had hoped for a last confidential visit were allowed to speak to the convicted men only through the steel grating of the cells. At religious services in the jail they sat on the side of the room opposite from their husbands. The regular Sunday afternoon programme of music was played on a small organ which stood near a wretched Christmas tree.

The District Attorney will oppose any attempt to have the defendants admitted to bail pending an appeal. He does not believe that Judge Anderson will permit it. It is expected the attorneys for the defense will then ask the Circuit Court of Appeals for a writ of superseas, but it is regarded as doubtful whether many of them could give the bond required.

TVEITMOE AND CLANCY'S AUDACIOUS PERFORMANCE.

TVEITMOE and Clancy, the San Francisco outlaws, convicted in the Indianapolis dynamite trial, are branded with one of the most audacious bluffs that a pair of murderers ever attempted.

At the very time they were plotting the destruction of the Times Building, when they held San Francisco in the hollow of their hand and proposed to terrorize Los Angeles into submission by explosion and slaughter, they prosecuted the managers of The Times for criminal libel. They had Gen. Otis and Harry Chandler arrested and held before the court for having been concerned in the publication of an article in The Times August 19, 1910, reporting that a council of war had been held here by the union labor bosses from San Francisco, and that more violence was planned, the order having gone forth to "break more heads."

With pretended indignation, Tveitmoe, Clancy and others of the gang had several complaints and warrants issued against The Times managers, alleging that they had been cruelly misrepresented and libeled.

Six weeks after the publication of the article complained of, was too awfully proven true; the Times Building was dynamited and twenty Times men (including the writer of the article, Arlie Elder) were killed by the Tveitmoe-Clancy-McNamara gang.

The McNamaras are paying the penalty for the horrible crime; and Tveitmoe and Clancy must do the same. Did history ever furnish a more sensational exposure of a gang of cut-throats?

but in lesser degree. Crooks and rascals throughout the Oregon and Washington coast districts are raging and many are bank full. The British bark "Tortoise," which went ashore near Gray's Harbor yesterday, is a total wreck, and efforts to get her off are abandoned. A great slide carried down a hillside in the Westover Terrace residence section above Portland today, and tremendous damage resulted, a number of fine homes being completely ruined. Sidewalks, streets and cellars are flooded in various parts of the city. The rainfall for the past twenty-four hours in Portland has been two and a half inches, which is the heaviest for a corresponding period in several years.

Musicians in Broadway House Refuse to Play for Less Than Union Scale. NEW YORK BUREAU OF THE TIMES, Dec. 29.—(Special Dispatch.) The performance of "Elijah" in operatic form, scheduled to take place at the Broadway Theatre today, did not occur because of a strike of the orchestra musicians just before the curtain was to rise at the afternoon performance. The musicians demanded \$15 a week as the regular union rate of wages, while Kronberg, the impresario, was willing to pay them only \$12 each.

WILL APPEAL.

"Every effort will be exerted to regain liberty on bonds while an appeal is pending for some of the labor union officials now in jail, including Frank M. Ryan, president of the Ironworkers' International Union; Olaf Tveitmoe, a labor leader on the Pacific Coast; Hilman R. Kline, a former official of the Carpenters Union, and some of the many business agents from a score of cities," said Attorney Chester H. Krum, who has taken active charge of arrangements for appeals to the United States Circuit Court of Appeals since Senator J. W. Kern left for Washington.

The question of bonds pending appeals is to come up after sentences are imposed. The amounts of the bonds are fixed by the court. Unless the prisoners are able at once to furnish the bonds they must remain in prison. It was stated that the soonest any appeal might be argued would be next April.

"We certainly will appeal in the case of each man," said Mr. Krum. "There are about ninety errors upon which we shall base the petition and we are confident of an ultimate reversal."

PRISON BEREAVED.

The gray stone county prison, bearing over its portal in black letters the words "Jail entrance," was besieged today by hundreds of visitors. The scenes among the women relatives of the prisoners clamoring to be admitted were similar to that in the courtroom on Saturday when by the verdicts about thirty wives were separated from their husbands. Only those who have permits were admitted but the entrance to the jail was filled with baskets of food tagged with the names of certain prisoners.

When all the visitors had been excluded, the prisoners looked down from the second floor into the recreation-room, where the regular Sunday afternoon programme of religious music was played on a small organ beside which stood a wretched Christmas tree.

Not one of the prisoners would talk about the verdicts. The only statement forthcoming from the union was issued by Secretary Joseph E. McClory, Cleveland, who with Ed Lewis, San Francisco, an executive board member, is the only union official out of jail.

"In spite of all the trouble we have faced during the last twenty months our organization is stronger today than it ever was," declared Mr. McClory's statement to the 12,000 ironworkers. "We have in our ranks an abundance of capable leaders and our affairs will continue to be managed with the best care and ability obtainable. The obligation of the organization to its members will be fully performed because of a strike of the orchestra musicians just before the curtain was to rise at the afternoon performance. The musicians demanded \$15 a week as the regular union rate of wages, while Kronberg, the impresario, was willing to pay them only \$12 each."

LOCAL AUTHORITIES COERCED.

Dist.-Atty. Miller said today the government would supply any evidence desired in order to assist in local prosecutions which may arise. He and Judge Anderson both said before the jury that the present trial "never would have been necessary had the dynamite explosions in Cleveland and other cities in the last six years been stopped by vigorous prosecutions."

The most significant thing of this trial has been the testimony that jobs have been blown up in the heart of great cities, that workmen have been slaughtered, and that the dynamite even murders have been committed without there having been any arrests," said Mr. Miller. "Local officers have feared to do their duty and police courts judge have overlooked crimes. Of course the dynamite have good grounds for their behavior. They felt safer under those conditions."

SEVERE BLOW TO UNIONISM.

(Continued from First Page.)

So Says Haywood After Issuing Intimidation That Steel Trust Had Intended the Prosecution. (BY A. P. NIGHT WIRE TO THE TIMES.) DENVER (Colo.) Dec. 29.—William D. Haywood, former secretary of the Western Federation of Miners and now an industrial worker of the World leader, said today it is his belief that the government, in connection with its prosecution of the forty union officials charged with having formed a dynamite conspiracy, was "suborned by the steel trust."

"It is my opinion," declared he, "that some outside influence was brought to bear upon the government in connection with the thirty-eight convictions. Behind the prosecution was the steel trust, which brought to bear certain pressure on the Federal court in its attempt to break up organized labor."

"Just how far that influence and pressure has been exercised will be learned tomorrow, when Judge Anderson passes sentence on the thirty-eight men."

"There is no doubt that organized labor has suffered a severe blow through the convictions, inasmuch as it has prejudiced the case and purpose of organized labor in the minds of the public."

Haywood himself, was tried for conspiracy to commit murder and was acquitted with Meyer and Pettibone, all officers of the Western Federation of Miners in 1907. Harry Orchard, a confessed dynamite, alleged they hired him to perpetrate dynamite outrages.

No Immunity Promised Him by Federal Authorities—To Be Returned to Los Angeles This Week. (BY WIRELESS LINE TO THE TIMES.) INDIANAPOLIS (Ind.) Dec. 29.—(Special Dispatch.) The Federal authorities will not permit anybody to see Orle McManigal. It is understood that McManigal will leave here some time this week for Los Angeles in charge of a Burns man who has been with him for several months. McManigal pleaded guilty here to the conspiracy charge and he cannot be freed by the Los Angeles authorities unless Judge Anderson should suspend sentence.

Dist.-Atty. Miller said tonight he had no knowledge of the matter contained in the Los Angeles dispatch regarding McManigal's future. He said McManigal would be returned to the Los Angeles authorities as soon as the government was through with him here; that no immunity had been promised him here for his testimony and that when Los Angeles was through with him he might be returned to the federal court in its attempt to break up organized labor.

"Just how far that influence and pressure has been exercised will be learned tomorrow, when Judge Anderson passes sentence on the thirty-eight men."

"There is no doubt that organized labor has suffered a severe blow through the convictions, inasmuch as it has prejudiced the case and purpose of organized labor in the minds of the public."

Haywood himself, was tried for conspiracy to commit murder and was acquitted with Meyer and Pettibone, all officers of the Western Federation of Miners in 1907. Harry Orchard, a confessed dynamite, alleged they hired him to perpetrate dynamite outrages.

HYATT FAVORS EXPERT BOARD.

Throws Light on Reorganizing Education Bureau.

Explains Delay in Adopting Arithmetics.

Senate Text-book Committee Will Report Soon.

BY A. P. NIGHT WIRE TO THE TIMES. SACRAMENTO, Dec. 29.—With the examination today of Edward Hyatt, State Superintendent of Public In- struction, the Special Senate Textbook Investigating Committee concluded its session. The State Superintendent was asked to outline his ideas with reference to the reorganization of the board of Education and was ques- tioned concerning the adoption of the River-Burdett language book and the McClintock and Jones arith- metic, in which irregularities were charged by other witnesses who testi- fied before the committee.

Supt. Hyatt declared the usual pro- cedure in the adoption of the arith- metic was observed by the board ex- cept that the vote to adopt the book was not taken until almost two years after the various books presented for approval had been studied. The reason for the delay, Hyatt asserted, was that when the board was about ready to adopt the McClintock's book it re- ceived notice that the State Printer had in stock enough arithmetics to supply the demand for two years.

NEED LAY BOARD.

Hyatt agreed with the suggestions of Dr. Lange of the University, and President Ware of the Chico Normal school with reference to the appoint- ment of a lay board by the Governor, which in turn would appoint a Board of Experts. He declared, however, that it would be necessary to draw a sharp distinction between the duties of the experts and the State Superin- tendent, and declared the superin- tendent should be named as an ex- officio member of the lay board and as secretary of the Board of Experts. He contended the superintendent was the direct choice of the people to su- pervise the school system.

WOULD DISCREDIT TEACHERS.

W. A. Langdon, attorney for the teachers' Association, addressed the committee and suggested that a find- ing showing evil relations existing be- tween the teachers and the book companies would cast discredit on the members of the State. He declared evidence had been adduced to in- dicate irregularities and that it would be unjust if the committee in its report took notice of this assumed condition. Langdon was informed that the committee would render its report based upon the evidence sub- mitted, but that it could not bind itself to acquiesce in his suggestion.

Chairman Brewster said the com- mittee would have its report ready shortly after the Legislature convenes. The committee plans to meet with the Governor before an- nouncing any definite plan for reor- ganization.

TAFT'S PARTY AT KEY WEST.

MOVIE ON BATTLESHIP AND START FOR WASHINGTON.

Col. Goethals, Who Accompanies President, Practically Certain to Be Offered, and Will Accept, Civil Governorship of Canal Zone—To Increase Height of Breakwater.

BY A. P. NIGHT WIRE TO THE TIMES. MIAMI (Fla.) Dec. 29.—President and Mrs. Taft, Col. and Mrs. Goethals and a number of friends arrived off Key West today on the battleship Arkansas and Delaware.

Presidential party started south on a special train due in Wash- ington Tuesday. The journey from Key West to Key West, more than 1100 miles, was made in a little more than ten hours, over waters troubled only by a heavy swell.

It is practically assured that Col. Goethals will be offered, and will accept, the civil governorship of the Canal zone. He will talk over fea- tures of the administration with the President during the trip to Wash- ington and later at the White House.

The probability of increasing the height of the breakwater guarding the harbor was discussed on the Arkansas, and the matter may be taken up at Washington.

The Presidential party boarding the Arkansas within the breakwater was forced to run across a gangway the length of the Arkansas, while the boats were heaving four or five feet with every swell.

Naval officers told the President that the present protection there was inadequate.

EMERGED INTO KEY WATERS.

The saloon of Transport Logan was narrowly escaped from death when a rope gave way.

BY WIRELESS LINE TO THE TIMES. SAN FRANCISCO BUREAU OF THE TIMES, Dec. 29.—[Special Dis- patch.] Six men were plunged into the waters of the Pacific Ocean when a rope supporting a life-boat on the transport Logan gave way during a government test on life- saving apparatus. That all were rescued was due to the heroic ef- forts of other members of the Logan's crew who either plunged overboard or were rescued by a tug.

The accident occurred when a life-boat was about to be lowered from the davit. A pulley and hook which supported the boat broke just as the six sailors stepped into the life-boat with a crash one end of the davit slipped from the davit and the life-boat fell into the water. One of the heavy bags struck the sailors and knocked him unconscious. The others were more or less in- jured from the fall.

ROYAL ROSARIANS START.

Special Train Containing Members of Portland Business Men's As- sociation on Its Way Here.

BY A. P. NIGHT WIRE TO THE TIMES. PORTLAND (Or.) Dec. 29.—A special train containing 110 Royal Rosarians, whose mission is to plant rose bushes on the sites on which the Oregon buildings will be erected at the Panama-Pacific Exposition at San Francisco, and at the Panama- California Exposition at San Diego, left here last night over the South- ern Pacific Railroad.

The Royal Rosarians will make their first stop at Sacramento, Mon- day. The rose planting at the Pan- ama-Pacific Exposition will take place Tuesday. New Year's Day will be spent at the Pasadena Tournament of Roses. Thursday the planting at the San Diego exposition will take place, and Friday the train will return to Los Angeles, where the party will dis- band.

The judge said the government had failed to prove that the statement was false, and had utterly failed to prove intent to deceive and defraud if the statement had been false. WILSON RETURNS. HEALTH IS GOOD.

TALKS POLITICS ALL DAY TO FRIENDS AND VISITORS.

Meets Jerry J. Sullivan of Iowa. Mentioned for Cabinet Position, but Says Subject Was Not Brought Up. Taft and Trusts Being Object of Iowa's Visit.

BY A. P. NIGHT WIRE TO THE TIMES. PRINCETON (N. J.) Dec. 29.—With a miniature ship of state in one hand and a basket of Virginia apples in the other, President-elect Wilson came home tonight after an all-day ride from Staunton, Va., his birth- place.

The Governor had so far remained his normal strength that he talked politics most of the day with people who rode with him on different stretches of the trip. National Chair- man William F. McCombs and Speak- er R. B. Eyrld of the Virginia Legisla- ture talked with the Governor from Staunton to Washington.

MEETS IOWA MAN.

At Washington, where the Govern- or's special car stopped an hour, Jerry J. Sullivan of Iowa was re- ceived by Mr. Wilson in his stateroom. The President-elect did not leave his car all the while at the national cap- ital.

Mr. Wilson and Mr. Sullivan were together most of the journey from Washington to Princeton Junction. Mr. Sullivan continued on to New York.

Mr. Wilson said he had not men- tioned Cabinet appointments to his Iowa visitor.

Mr. Sullivan, who has been recom- mended to Mr. Wilson to be Secretary of the Interior, explained that the object of his call was to learn Mr. Wil- son's position on the tariff and the trust questions.

When asked tonight to elaborate his remarks of last night about early Philippine independence, the Presi- dent-elect said he did not wish to go into the question in detail at this time as he was not yet ready to make his plans.

SENSE OF IGNORANCE.

Gov. Wilson indicated in his speeches at Staunton that he would endeavor to convince not only those in the party who did not see the point of view, but the business men as well, that legislation "should be squared with the simple morals of individual action."

Many an honest man," he said in his speech, "has nevertheless engaged in transactions, sometimes in this country which did not square with the principles which he held himself in- dividuality, partly out of ignorance, partly out of haste, partly out of the exigency of doing great things in a short space of time. I do not feel that you can draw an indictment against any part of our business community. They have largely stinned in ignorance and in thoughtless haste, but we have not to square the biggest things with the simplest standards of morality and obligation.

NOT A CASUIST.

"It is not a task for the casuist. It is not a task for the man who draws fine-spun distinctions. You have got to lay down the great measurements of morals and square by them. It has got to be done slowly, because some men need a lot of education. It has got to be done tenderly, because if you can educate a man there is no use killing him before you have educated him. It has got to be done in such a way as not to tear and destroy the economy and fibre of the nation and so stop the progress of the life, but it has got to be done, and it has got to be done with an absolutely inflexible will.

"I dare say the patient will not al- ways like it. I dare say that there are some gentlemen who will be criti- cising the processes of change until they die; but some of them are elder- ly and so the criticism of the pro- cesses of change may not be as long as we fear."

Gov. Wilson will go tomorrow to Trenton, where he has a number of political appointments. On Tuesday he expects Representative Underwood to confer with him.

Your Best 1913 Resolution

This is the season of the year for resolutions and making a "new start." There is one thing you have promised yourself for quite a while, isn't there? Yes—a bank account. It's always been so easy, though, to put it off. Your salary goes into your pocket—and out again.

You were almost convinced that it was perpetual motion with no way of applying the brakes. There is a way, though, and a good one—open a savings account. You don't need to deposit any large amount—we welcome your account of \$1.00 just as much as we do an account of \$1000; and we will give yours the same careful attention.

Yes, we know that you never seem to have any money left over—you never will until you have a bank account. If you carry all your cash in your pocket it makes it too easy to spend it. You see something you think you want, your hand goes into your pocketbook and your cash goes out. What you should have is something that will strengthen your resolution to save money—a bank account with us will do just that. You'll feel like a different person when you have money that you can fall back on in time of trouble or sickness. We pay you 4 per cent. interest compounded semi-annually. Come now—today—and make good on this one resolution—open a savings account with us and start with what you can spare from your pocket money.

Scientific Murder.

[BY WIRELESS LINE TO THE TIMES.]

C HICAGO BUREAU OF THE TIMES, Dec. 29.—[Special Dis- patch.] Criminologists, arguing before the county board on the need of a "science bureau," said that "mur- der as a science has leaped ahead of organized efforts toward the detection of crime. Scientific slaying of human beings in manner almost impossible of detection was described to the named officials by Prof. Walter S. Haines.

Prof. Haines told how the modern murderer has found in bacilli a weapon equally as deadly as the knife, the revolver and the ordinary poison, without the tell-tale traces of any of them. The murderous dagger and the death-dealing arsenic were held up as weapons that had been abandoned in favor of the safer capsule filled with the life destroyer that works slowly but surely. Scientific "doctoring" or food stuffs was pic- tured as the method that had sup- planted the old-time waylaying of the victim.

What is known as the horrible "cobra death," was also referred to. He said a man might die after a few minutes' excruciating agony and leave not a single trace of the cause.

"It is just such deaths that science must combat if the scientific mur- derer is to be overcome by the law," said Prof. Haines. "A cobra-poisoned pin can convey sure death and a hor- rible one, with the slightest scratch, a scratch so slight one would not notice it."

SINGING TOTS MARCH OUT OF BURNING CHURCH.

[BY A. P. NIGHT WIRE TO THE TIMES.]

C HICAGO, Dec. 29.—Singing "On- ward, Christian Soldiers," 200 children, members of a Sunday school class, marched out of their classroom here today through smoke from a fire that destroyed the Lorimer Memorial Baptist Church. Mrs. Elmer Anderson, organist, and Miss Martha Marquardt, teacher of a primary class, played the music and led the singing until all the children were in safety. By that time the flames were so close to the two women that they were forced to flee, abandoning their coats and furs.

The fire was discovered by a police- man while the Sunday school was in session. Investigating smoke coming from a window he found the entire basement of the church was in flames. He ran upstairs and asked the teachers of the Sunday school to play some- thing the children could march to. The entire structure was in flames by the time the last child was out and the two teachers had escaped.

Flight or a Frolic.

SUFFRAGISTS THINK HIKE HAS AROUSED NEW YORK.

BY MARGARET W. DE PEYSTER.

[BY WIRELESS LINE TO THE TIMES.]

ALBANY (N. Y.) Dec. 29.—[Spe- cial Dispatch.] The day of rest was fittingly observed by the suf- frage army after the successful inva- sion of the State capital. Gen. Rosalie Gardner Jones slept the sleep of the just until after Surgeon-General Dock and Brig. Ida Craft came back from church. Miss Gladys Courson was afoot. She declared she was "fit for a fight or a frolic" and to prove it walked out to the capital and re- turned by a circuitous route.

Suffrage leaders here are all agreed that the Albany hike has awakened the slumbering Empire State. If Gov.-elect William Sulzer does not smile his official life will be made miserable and his path strewn with thorns. If he heeds to Gen. Jones' suffragists declare the battle in this State is won. They expect the other States to get into line immediately.

Tomorrow Gen. Jones will storm the fortress previous to the inaugu- ration of the State Governor which takes place Wednesday. Gen. Jones has kept her secret message intact. Sulzer will be seen at his own con- venance. It is said he has made up his mind to give Gen. Jones an an- swer which will send her back to New York town in joy and triumph.

To rest from one vigorous cam- paign and prepare for another seems to be the object of the suffragists. Miss Stubbs, the war correspondent, said she was so buried with work that she must pass her Sunday digging her way out to be ready for the labors of the week. It was altogether a quiet army and seemed ready to be going under a slight reaction. Tomorrow

SINGING TOTS MARCH OUT OF BURNING CHURCH.

[BY A. P. NIGHT WIRE TO THE TIMES.]

C HICAGO, Dec. 29.—Singing "On- ward, Christian Soldiers," 200 children, members of a Sunday school class, marched out of their classroom here today through smoke from a fire that destroyed the Lorimer Memorial Baptist Church. Mrs. Elmer Anderson, organist, and Miss Martha Marquardt, teacher of a primary class, played the music and led the singing until all the children were in safety. By that time the flames were so close to the two women that they were forced to flee, abandoning their coats and furs.

The fire was discovered by a police- man while the Sunday school was in session. Investigating smoke coming from a window he found the entire basement of the church was in flames. He ran upstairs and asked the teachers of the Sunday school to play some- thing the children could march to. The entire structure was in flames by the time the last child was out and the two teachers had escaped.

Flight or a Frolic.

SUFFRAGISTS THINK HIKE HAS AROUSED NEW YORK.

BY MARGARET W. DE PEYSTER.

[BY WIRELESS LINE TO THE TIMES.]

ALBANY (N. Y.) Dec. 29.—[Spe- cial Dispatch.] The day of rest was fittingly observed by the suf- frage army after the successful inva- sion of the State capital. Gen. Rosalie Gardner Jones slept the sleep of the just until after Surgeon-General Dock and Brig. Ida Craft came back from church. Miss Gladys Courson was afoot. She declared she was "fit for a fight or a frolic" and to prove it walked out to the capital and re- turned by a circuitous route.

Suffrage leaders here are all agreed that the Albany hike has awakened the slumbering Empire State. If Gov.-elect William Sulzer does not smile his official life will be made miserable and his path strewn with thorns. If he heeds to Gen. Jones' suffragists declare the battle in this State is won. They expect the other States to get into line immediately.

Tomorrow Gen. Jones will storm the fortress previous to the inaugu- ration of the State Governor which takes place Wednesday. Gen. Jones has kept her secret message intact. Sulzer will be seen at his own con- venance. It is said he has made up his mind to give Gen. Jones an an- swer which will send her back to New York town in joy and triumph.

To rest from one vigorous cam- paign and prepare for another seems to be the object of the suffragists. Miss Stubbs, the war correspondent, said she was so buried with work that she must pass her Sunday digging her way out to be ready for the labors of the week. It was altogether a quiet army and seemed ready to be going under a slight reaction. Tomorrow

NAVY AVIATION MANEUVERS.

Experiments to be Carried on at Guantanamo, Cuba, During the Winter Months.

[BY WIRELESS LINE TO THE TIMES.] ANNAPOLIS, Dec. 29.—[Special Dispatch.] The collier Sterling, carrying two naval aviators, twenty-five enlisted men connected with the avia- tion work, four flying machines and general equipment, left Annapolis Harbor at 4:30 yesterday afternoon bound for Guantanamo, Cuba, where the aviation work of the navy will be conducted this winter.

The officers on the Sterling were Lieut. Smith of the marine corps and Ensign Chevalier of the navy. Lieut. Towers, who will have charge of the camp, with several other naval aviators will leave Hampton Roads on a battleship January 4 for Guantanamo. The camp will break for the return to Annapolis early in April.

Montgomery Schuyler, Jr., One of Uncle Sam's younger diplomats, a New Yorker, and student of languages who has served at various European embassies as well as in Japan and in Spain.

WILL LIKELY BE CONFIRMED.

Democrats will compromise on the appointment of Montgomery Schuyler, Jr., to the post of minister to the Netherlands. The confirmation of the appointment made by President Taft during the summer recess and since then, will be the subject of bitter wrangling in the senate when it reconvenes and may involve all but the most necessary financial legislation and may even interfere with that.

UTAH'S PROBLEMS.

Determined effort by Republicans to reduce party and campaign pledges at session. (BY A. P. NIGHT WIRE TO THE TIMES.) SALT LAKE CITY, Dec. 29.—With the tenth Legislature safely Republican, it is understood that a determined effort will be made by the party leaders to redeem their campaign pledges, chief among which is the adoption of resolutions ratifying the proposed amendments to the Federal Constitution, providing for a new tax and the direct election of United States Senators.

PROVE CALIFORNIA THIRST.

Many Applicants from Los Angeles and Other Cities for New Postal Savings Bonds. (BY DIRECT WIRE TO THE TIMES.) WASHINGTON BUREAU OF THE TIMES, Dec. 29.—[Exclusive Dispatch.] Postal savings depositors of California have made application for \$10,000 of postal savings bonds to be delivered on January 1. Application for this amount has been made by 273 depositors. Nearly \$75,000 of this amount of bonds have been applied for in the registered form, indicating that they are being purchased as a permanent investment. San Francisco leads all other cities of the State with respect to the amount of bonds applied for, with a total of \$25,000, and followed by Los Angeles, \$17,500; Oakland, \$15,000; San Diego, \$12,500; Santa Barbara, \$10,000; San Jose, \$10,000; San Miguel, \$10,000; Barstow, \$10,000; San Luis Obispo, \$10,000; Vallejo and Grass Valley, \$10,000 each; San Mateo, \$10,000; Tuolumne, \$10,000; Long Beach and Yuba, \$10,000 each.

DRUMMERS IN CONVENTION.

Traveling Men From All Over United States Are Gathered in Windy City Today. (BY DIRECT WIRE TO THE TIMES.) CHICAGO BUREAU OF THE TIMES, Dec. 29.—[Special Dispatch.] Drummers from practically every section of the United States are gathered here tonight for the first annual convention of the National Association of Traveling Men, which is scheduled to open tomorrow in the grand ballroom of the La Salle Hotel. The organization, which has its headquarters in Chicago, was organized August 23, 1911, with only a few members. It is expected that one of the most important features of the meeting will be the proposal to build a home for members incapacitated by age or infirmity.

WARREN'S TOGA IN PERIL.

On Decision of Council in One Legislative District Will Depend Whether or Not Warren Will Be Re-elected. (BY A. P. NIGHT WIRE TO THE TIMES.) CHEYENNE (Wyo.) Dec. 29.—The Wyoming State Legislature will convene on January 14 and will be composed of forty-six Republicans and thirty-four Democrats. The senate will have sixteen Republicans and eleven Democrats, and the house thirty-two Republicans and twenty-three Democrats. The contest recently begun in Lincoln county, however, the Republicans have a majority on joint ballot of the election of John Kendrick to the United States Senate. On the legislative program the ratification of the income tax law and the ratification of the Federal Reserve act are the two principal measures. The ratification of the income tax law will be a direct vote of the people. The ratification of the Federal Reserve act will be a direct vote of the people. The ratification of the income tax law will be a direct vote of the people. The ratification of the Federal Reserve act will be a direct vote of the people.

PROGRESSIVES NEGOTIABLE.

Colorado Legislature Is Overwhelmingly Democratic—Shareholders and Thomas Will Be Sent to Senate. (BY A. P. NIGHT WIRE TO THE TIMES.) DENVER (Colo.) Dec. 29.—Colorado's nineteenth General Assembly will convene January 1 to consider the ratification of the income tax law and the ratification of the Federal Reserve act. The assembly will be overwhelmingly Democratic, with only two Progressive members. In each instance the Progressives made the campaign on some of the diplomatic appointments in accordance with the merit system introduced during the Taft administration. One of the appointments recently appointed by President Taft to diplomatic posts, Montgomery Schuyler, Jr., has practically no opposition and he will go to the Netherlands as minister to that country.

PROPOSED LEGISLATION.

A large appropriation for a State building and exhibit at the Panama-Pacific Exposition will be made, but there will be no money for the manner of expending the money. An effort will be made to keep the thirty-four Progressive members lined up as a party. Many of the members elected as Republicans were prominent in the Roosevelt movement but declined to support the party. It is said that the Progressive movement is one of the most important movements of the day. An effort will be made to keep the thirty-four Progressive members lined up as a party. NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WIDOW GETS THE BIG ESTATE

San Bernardino. Son of Former President of Harvard Dies at Santa Barbara. Santa Barbara, Dec. 29.—[Exclusive Dispatch.] An estate valued at \$144,000 is disposed of by the will of the late Cornelius Conway Felton of Montecito, the will being filed for probate yesterday with the probate court here. The executor, who is named as executor without bond, The will gives the widow, Eunice W. Felton, the bulk of the property, there being special bequests of \$10,000.

In addition, Trust fund left in the hands of the decedent by Eunice F. Carey of Cambridge, as a memorial to C. C. Felton, father of the testator, is continued in force for the benefit of Harvard University scholarships and the Greek library of that college. The senior Felton was for many years president of Harvard.

SHARKS IN SHOALS. The Santa Barbara channel has been invaded by a school of basking sharks and havoc is being played with the nets of fishermen. Several of the fishermen have been discovered during the last few days fast in the entangling meshes of submerged fish snare. The sharks are usually seen when they are in the water, struggling to free themselves and at the same time tear the nets in many places. Their scales are like glass.

Yachtsmen have been known to encounter the sharks in the Santa Barbara channel. The sharks are seldom seen except in deep water.

METROPOLITAN NEEDS. South Pasadena Merchants Ask for Traffic Policeman as a Busy Corner. Woman Breaks Wheel.

SOUTH PASADENA, Dec. 29.—The necessity for a street car crossing officer at the corner of Mission and Fair Oaks avenues has never been more apparent than during the past week, since the had accident to young Arcand, son of the Consul to Ecuador. Since the new street car schedule requiring all through passengers to change cars at this junction has gone into effect, passengers are scouring along to avoid automobiles and motorcycles, narrowly escaping with their lives. Drivers of cars seldom slow down when going around the corner and there is constant danger. Merchants in that section urge the appointment of a crossing officer before a fatal accident occurs.

FRACURED WRIGHT. Miss Belle Johnston, who resides with her sister, Mrs. C. M. Hoard, No. 1217 Monterey road, while hurrying across the room this afternoon, slipped and fell heavily to the floor, suffering a severe fracture to her wrist.

NEW DIRECTORY. The secretary of the Chamber of Commerce has compiled a directory of the business establishments in South Pasadena, with the two-fold purpose of demonstrating the number and kinds of business enterprises in the city, and of providing a convenient means of locating the desired line of industries or trades. The city's development is evident from the fact that the list includes over 100 separate business firms without including any professional men.

The Chamber of Commerce hopes to become a bureau of information for the business community and new comers to South Pasadena, and in this line has provided itself with the latest map of the city, showing all the streets and streets in detail, and keeps on file in its headquarters all the latest directories.

COMMITTEES NAMED. Ernest W. Sutton, president of the Board of Trustees, has revised the committee list, since the appointments of the two new Trustees, Don S. Gates and W. N. Carter, to fill the unexpired terms of George W. Adams and H. J. Vatcher, Sr., resigned, as follows: Street Committee, Trustees Hawgood and Gates; Police Committee, Trustees Carter and Wilson; Finance Committee, Trustees Wilson and Hawgood; Street Lights Committee, Trustees Gates and Carter; Gas Franchise Committee, Trustees Carter and Hawgood and City Attorney Carson.

PIONEER WOMAN DIES. In the passing of Mrs. Isabelle Martin this morning at her home, No. 804 Fremont avenue, a pioneer resident of this city has been lost. She was a native of Canada, came to this city about twenty years ago from Quebec and was 51 years of age. Her father, George Martin, built the first boat that crossed the Atlantic Ocean under steam power, in his ship yards at Quebec in 1831. It was named the "Isabelle" in honor of his daughter.

Mrs. Martin was the widow of the late Theodore Martin and is survived by five children: Theodore Martin, an attorney at law, W. O. Martin of Chicago; Jacques Martin of New York City; Mrs. Jean J. Vallette of Pasadena; and Miss Hilda Martin of South Pasadena.

The funeral services will be held tomorrow afternoon, at her late residence, at 2 o'clock. Canon Hibbard of Pasadena will officiate, assisted by Rev. W. H. Wotton, rector of the St. James Episcopal Church of this city, with private interment in Mountain View Cemetery, Pasadena.

REDONDO BEACH BRIEFS. REDONDO BEACH, Dec. 29.—The year of 1913 will be ushered in with many festivities here Tuesday night. At Hotel Redondo, manager T. C. Lynch has arranged for a special dinner with entertainers, dancing and a variety party. Many tables have been reserved for the party, as well as local people. A New Year's Eve ball will be held in the pavilion and this, too, will be in the nature of a variety party. Mr. and Mrs. W. C. Fitzpatrick will give a variety party for the guests of the Lo Neptune Apartments at their own apartments in the Redondo Hotel. Many private watch parties are to be given throughout the city.

Many cardines were caught from the grove, an indication of larger fish in the near future, as the larger ones always follow the cardines.

WILL ENLARGE ICING PLANT. Santa Fe Will Spend Many Thousand Dollars. San Bernardino Plant Inadequate in All Respects. Pioneer Society Makes Plans for Annual Celebration.

SAN BERNARDINO, Dec. 29.—The expenditure of a quarter of a million dollars will be at once commenced by the Santa Fe Railroad in increasing the capacity of the precooling and icing plant in this city. In order that the increased capacity of the plant may be available for use in the coming summer months the work has been ordered to commence immediately after the opening of the new year.

When the plant was erected three years ago at a cost of a million dollars, it was thought its capacity would be sufficient for many years to come. But already there is a demand for more room and the expenditure is authorized to meet this condition.

The buildings will be extended and a vast amount of new machinery installed both for precooling and for making ice. The success of the precooling system of shipping fruit is most marked.

PIONEER SOCIETY. The twenty-fifth anniversary of the Pioneer Society of San Bernardino will be celebrated January 25 with dedication ceremonies around the monument erected marking the Santa Fe and Salt Lake trails in the Cajon Pass. Elaborate preparations are being made for the event.

The Pioneer Society has elected the following officers for the coming year: President, Oliver C. Crandall; Secretary, John Brown, Jr.; Assistant Secretary, A. Crandall; Treasurer, David L. Aldred; Corresponding Secretary, Mary A. Crandall; Recording Secretary, J. J. Wilson; Marshal, P. J. Chipman; Assistant Marshal, Joseph Chipman; Musicians, R. T. Roberts, John S. Whitman, Mrs. C. M. Hoard.

FUNDS TRANSFERRED. Because of the operation of Amendment No. 1 the Supervisors tomorrow will be compelled to transfer from the general fund of the county to the several road and school district funds the total sum of \$169,189. Of this \$169,189 the first road district gets over \$33,000 because of the great mileage of railroads in that district withdrawn from county taxation under the operation of the amendment. Under the law it is necessary for the balance of the county to reimburse the several districts for the amount of the withdrawal.

TO ENCOURAGE VOTING. Assemblyman George H. Johnson of this city will introduce in the coming legislative session a bill designed to bring a greater percentage of the voters to the polls at all State elections by giving them a discount on tax payments on real estate and other property of having voted. The entire details of the measure have not as yet been worked out but it is deemed to be a measure of great importance to the voters remaining away from the polls and failing to exercise the franchise.

Mr. Johnson expects to see some legislation on this subject whether his bill passes or not.

NEWS BRIEFS. J. J. Doyle, a well-known dairyman, and W. A. Fry, who was in Doyle's employ, have been arrested charged with the destruction of a large house 154 feet in length belonging to the Pacific Light and Power Company, both being released on \$500 bail. Doyle declared the house was in his way and that he was going to use the lumber to build a bridge.

While the family was absent in mid-day thieves entered the home of D. E. Coyne and removed a large quantity of jewelry and other valuables amounting to several hundred dollars, several diamond rings being in the collection secured.

CANTANKEROUS WEATHERMAN. Winds and Chilliness in the Vicinity of Anaheim Cause the Orange Growers Considerable Uneasiness. ANAHEIM, Dec. 29.—The trying weather which continues for orange growers, is pronounced by local residents as the most severe for twenty years. Both winds and cold are of the ordinary for this section.

Damage from the high wind is reported, but the extent cannot be determined at this time, and will not be known until the fruit is packed. Little fruit is blown from the trees, and the damage was mostly from the bruises caused from scratched fruit.

L. B. Valla, local commercial agent of the Southern Pacific Company, has visited the citrus sections for the purpose of investigating the damage to the fruit from the cold. He paid particular attention to the grove where smudging was not resorted to and he did not find one that had suffered damage. Tender nursery stock also escaped.

TOMATO CROP. The output of the Anaheim, Fullerton and Placentia territory of around 75,000 tons of tomatoes on the direct car shipments to the East in the last three days has been about the way the tomato season, which has just closed figures up. To this may be added 150,000 more of tomatoes disposed of to the canneries and in other channels.

When it is considered that the bulk of this output was a side issue with the growers, in that most of them produced the tomatoes, between trees, and in all other instances on lands that had previously produced other crops during the year, this additional pocket money from tomatoes assumes an aspect of more importance than bare figures at first glance seem to indicate.

D. Osborne, manager of the Orange County Vegetable Union in this city, says that the crop is the best ever.

BEAN GROWERS FORM A NEW ASSOCIATION. (BY DIRECT WIRE TO THE TIMES.)

ONARD, Dec. 29.—[Exclusive Dispatch.] The old Lima Bean Growers' Association died yesterday morning. Later a greater association was formed which will use an entirely new business policy. Three hundred or more growers from every part of the State gathered here to take a hand in the important proceedings. This morning a mass meeting of stockholders in the Lima Bean Growers' Association was called at the Chamber of Commerce. During the meeting Manager J. M. Waterman sprung something of a surprise by announcing that he intended coming to be the manager of the association because of other duties.

CHAIN DECLINES. Owing largely to more favorable weather conditions in the northern part of the State, as well as to the influence of the eastern market, prices on barley, oats and bran declined \$1 to \$2 per ton Saturday. Dealers say that the abundant crops of last year have also caused the decline. The new quotations of the products affected are as follows: Rolled barley in eighty-pound sacks, \$1.65; seed barley in 100-pound sacks, \$1.70; white bran in eighty-pound sacks, \$1.55; shorts in 100-pound sacks, \$1.75; white oats in 100-pound sacks, \$1.70; rolled oats in sixty-five-pound sacks, \$1.75. Kafir corn also fell 10 cents per hundred pounds. The market is said to be weak.
